

1. Wchodzimy na stronę <https://www.digid.nl/> (lub <https://www.digid.nl/en> aby otworzyła się wersja angielskojęzyczna) i klikamy

2. Klikamy kolejno

3. Podajemy login („DigiD username”) oraz hasło („Password”), które ustaliliśmy sobie zgłaszając chęć posiadania DigiD (patrz Krok 1)

The screenshot shows the 'DigiD Activate' login interface. At the top left is the 'DigiD Activate' logo. Below it is the 'Log in' heading. A light orange information box contains instructions: 'You have received a letter with an activation code. Log in with your username and password. Afterwards you can enter the activation code.' It also asks if the user received a letter and if they live in the Netherlands, suggesting they request a new letter if not. A 'Please note' section states that users who applied for DigiD in the app can only activate it there. The login form includes a 'DigiD username' field with a blue arrow pointing to it labeled 'Login', a 'Password' field with a blue arrow pointing to it labeled 'Hasło', and a 'Remember my DigiD username' checkbox. At the bottom are 'Cancel' and 'Log in' buttons.

DigiD Activate

Log in

! You have received a letter with an activation code. Log in with your username and password. Afterwards you can enter the activation code.

Did you not receive a letter with an activation code? And do you live in The Netherlands? Then after you have logged in, you can request a new letter with an activation code once.

Please note: did you apply for your DigiD in the DigiD app? Then you can only activate your DigiD in the DigiD app.

DigiD username

Password

Remember my DigiD username

< Cancel **Log in** >

4. W kolejnym kroku będziemy musieli jeszcze wpisać kod aktywacyjny (Activation Code), który odebraliśmy w jednym z 17 punktów na terenie Holandii (patrz Krok 2) lub który został dla nas wygenerowany w trakcie wideorozmowy (patrz Krok 3).

... i już, możemy korzystać z naszego DigiD!!!
